IFRA ASIF

FRONT END DEVELOPER

PROFESSIONAL PROFILE

Highly skilled and innovative Front-End Developer with a passion for creating visually appealing and user-friendly websites and web applications. Equipped with a solid foundation in web development and a deep understanding of modern front-end technologies, I am dedicated to delivering cutting-edge solutions that exceed client expectations.

PROJECTS

- **Website Development [Final Semester Project]**
Year 2023

I created an engaging website dedicated to Wilson Sporting Goods using cutting-edge front-end technologies. The site showcases a wide range of Wilson's top-quality sports equipment and gear, all beautifully presented with a user-friendly interface. From sleek design to seamless navigation, my website offers an immersive experience for sports enthusiasts and customers alike.

- **E-Commerce Website Development**
Year 2023

I designed a captivating e-commerce website for the enchanting clothing brand, Enchant. Through the power of front-end technologies, my website offers a delightful shopping experience for fashion enthusiasts. The interface exudes elegance, and the seamless navigation makes it effortless for users to explore and purchase Enchant's exquisite clothing collection. Whether on desktop or mobile, the site is optimized for a visually stunning and user-friendly journey through the world of Enchant's fashion-forward offerings.
